

Free Webinar:

3 Keys to Exporting: Finding Foreign Customers, Maintaining Cash Flow, & Risk Protection

» THURS, AUG 13, 2020 » 10:00AM–11:00AM (PST)

About the Webinar

Whether your company is using precision machining with lasers or die cut tools for milling, electrical discharge, or metalworking, your shop is probably producing made-in-USA products. To help your business capitalize on efforts to increase your export sales, join [EXIM](#), the [U.S. Commercial Service](#), and the [LA & Rocky Mountain Chapter of the National Tooling and Machining Association](#) for a free webinar.

Discussions Will Include:

- ✓ Accessing funds with EXIM Working Capital Loan Guarantee, term financing, & credit terms
- ✓ U.S. Commercial Services updated programs
- ✓ Finding foreign customers, protecting against nonpayment, & digital globalization services
